Welcome buyers and suppliers from around the world.

This edition of the **RemaxWorld Expo** and **iPrint 3D Expo** Show Guide takes on a new role as the global industry's authoritative **RT Imaging Industry Directory**.

It is an important treasure for those attending the RemaxWorld Expo 2019 in Zhuhai, China—the International Office Equipment & Consumables Expo. But you may have received it at another industry event in Germany, India, France, the UK, the Netherlands, Russia, Nigeria, Egypt, Ethiopia, Algeria, the USA, Peru, Argentina or Brazil. You may be accessing it online in its digital form.

In any case, you are holding the most informative directory of those supplying a wide range of printers, copiers, office equipment, intelligent office solutions and e-commerce solutions, printer and copier supplies, inks, toners, OPC drums, chips and a multitude of other parts and components.

This is the "go to" publication to source suppliers and products you will need right through 2020.

We are also integrating our media channels including inTouch TV, five language editions of the *RT Imaging World* magazine, our website and social media platforms.

Thank you.
